norton™

Powerful cyber protection designed by PC gamers.

Norton 360 for Gamers, advanced multi-layered protection for PCs. Helps protect against cyberthreats like malware and webcam takeovers.[2] While VPN helps protect against DDoS attacks, doxxing and SWATing.

90 day subscription installed*

*Payment method required. See back of the flyer for complete terms.

STORMFORCE™ GAMING

norton™

Features to help defend against the cyberthreats and cyberrisks you face today.

Game Optimizer.[6]

Provides an immersive game experience by reducing performance interruptions while still maintaining your computer's security.

- Optimizes games with high CPU usage in both windowed full-screen mode and full-screen mode
- By dedicating core processors to the game, it reduces CPU spikes which can slow down the game
- Provides optimal game performance by isolating non-essential apps and functions to a single CPU core, freeing the balance for games

- Dark Web Monitoring [1]
- Notification Optimization [2]
- Parental Control [3]
- Secure VPN
- SafeCam for PC [2]
- Online Threat Protection
- PC Cloud Backup [2,4]
- Password Manager [5]
- Device Security
- Smart Firewall for PC or Firewall for Mac

[1]Not available in all countries. Monitored information varies based on country of residence. It defaults to monitor your email address and begins immediately. Sign in to your account to enter more information for monitoring. [2]Notification Optimization, Cloud Backup and SafeCam features are only available on Windows (excluding Windows in S mode, Windows running on ARM processor). [3]Parental Control features are not supported on Mac or Windows in S mode. [4]Requires your device to have an Internet/data plan and be turned on. [5]Norton Password Manager is not exclusive to Norton 360 functionality but is independently available for free online. [6] Game Optimizer is only available on Windows (excluding Windows in S mode, Windows running on ARM processor) with 4 or more core processors.

***Free Trial & Subscription Terms:**
Payment method required to sign up for the free trial (credit/debit card or PayPal only). When the trial ends, the paid subscription starts and the first year is charged, unless cancelled before. Automatically renews each year, unless the renewal is cancelled before the day you are due to be charged in my.norton.com or by contacting Norton Support. The subscription is charged at the renewal price found at norton.com/pricing. Price subject to change, but a notification email is sent before billing. For the free trial or each annual renewal, you can cancel your contract and request a full refund within 60 days of being charged. See the Cancellation & Refund Policy at Norton.com/return-policy. Data collection, storage and use for subscription management and renewal purposes subject to the Global Privacy Statement found at NortonLifeLock.com/privacy. Updates and features may be added, modified or removed, subject to the License & Services Agreement at nortonlifelock.com/legal.
